

**No More Zimmermans!**  
**No More Neighborhood Watch Vigilantes!**

In the name of Trayvon Martin and centuries of vigilante and state-sponsored violence on Black and Brown communities, resist racial profiling during the police sponsored National Night Out. To create genuine safety we need to build community without racist police and prioritize human life over private property.

**Gather outside Lakeview Library,  
MacArthur and Grand, Oakland  
6pm Tuesday, August 6th**
