

Authorities Stonewall Motel Rooms for Homeless Cops Ban Vehicular Homes from City Streets Defund the Out-of-Control SCPD NOW !

Signage along Delaware and Swanton Street illegally violating the Coastal Act as well as yellow tape and obstructive notices blocking survival parking for vehicular homes along those streets must be removed!

Authorities continue to refuse to fully spend Project Roomkey and Project Housekey funding to put vulnerable homeless people in safe non-group rooms as recommended by the CDC. Meanwhile COVID-19 cases may be spreading in the Vets Hall, Laurel St., Armory, and Coral St. where there is no testing.

Direct Action NOW For the Health & Safety of the Unhoused & the Community !

Planning Meeting July 29 Wednesday 11 AM Sub Rosa Courtyard 703 Pacific
