# ACTION ALERT

## San Francisco Rally to Protest Gov. Schwarzenegger

**Tell the Governor  
and his donors:  
“Not in  
Our Town!”**

**Tuesday, April 5, 2005  
6:00 p.m.**

**Ritz Carlton, San Francisco  
Stockton at California (Rally in front of Ritz)**

Join a major protest against Gov. Arnold Schwarzenegger at one of his exclusive fundraising events. Donors are expected to contribute up to \$89,200 per head to hobnob with the Governor. In exchange he has put the future of our state on the auction block to the highest bidder. Across the country, from New York City to Orange County, nurses, students, teachers, parents, firefighters and people who care about public health, education and social justice have protested against the Governor.

**We call on the Governor to:**

- Stop his plan to privatize retirement security
- End his corporate auction of Californians
- Respect the law, and enforce the Safe Staffing Law for hospital patients, as ordered by the courts
- Keep his promise to pay back the \$2 billion he borrowed from our schools
