Sunday Morning at the Marxist Library

## The Primary Route in 2020

In 2015 prior to the Sanders candidacy, **Tom Gallagher** authored a political pamphlet entitled, *The Primary Route: How the 99% Take on the Military Industrial Complex*. This short and engaging examination of third party efforts and primary challenges was prescient in predicting the power of the Bernie Sanders candidacy in the 2016 Democratic primary. Now over two years after the election of Donald Trump and heading into 2020 Gallagher once again examines the political feasibility of the primary route in building a socialist current in America.

**Tom Gallagher** is a former member of the Massachusetts House of Representatives, a Bernie Sanders delegate to the 2016 Democratic Convention, and current member of the Progressive Democrats of America, and the Democratic Socialists of America. For a preview, see
