Rep. Panetta's Complicity in the Bloodshed

- **Failed to support a ceasefire in Gaza**

A large majority of the public has wanted a ceasefire since the initial Israeli military response to the horrible Hamas attack of October 7, 2023. According to a Data For Progress poll on October 19, 2023, 80% of Democrats and 56% of Republicans agreed that "*The U.S. should call for a ceasefire.*" in Gaza. For eight months Rep. Panetta did not support a ceasefire.

- **Voted for \$17 billion in military aid to Israel in April 2024.**

- **Denounced International Courts**

Panetta voted to sanction International Criminal Court officials, after they requested arrest warrants for Netanyahu and three Hamas leaders. Rep. Panetta co-signed a letter to "express our disgust" with South Africa's filing of a "grossly unfounded case against Israel at the International Court of Justice".

- **Accepted large contributions from arms manufacturers and AIPAC, the pro-Netanyahu lobby.**
