- Please bring scrubs, white coats, and any other medical props that you may have. We will be dramatizing the “hospitalicide” of Gaza. In particular, Kamal Adwan Hospital, the last functioning hospital in the North, was destroyed by Israel in late December 2024. The director Dr. Hussam Abu Safiya is still missing.
- To stay laser focused on stopping weapons shipments, we ask that all refrain from verbal aggression and property damage (graffiti, nails in the road, etc.)
